

AUSTRALIAN OPTICAL SOCIETY
VICTORIAN OPTICS IN INDUSTRY

Building P "Eats"
Victoria University, Footscray Campus,
Ballarat Road, Footscray
Friday 24th August 2001.

2:00

Australian Optical Society Annual General Meeting

2:35

Introduction

Professor Keith Nugent, President, Australian Optical Society

2:40

The Victorian Synchrotron Project

Dr Mike Murray, CSIRO

3:00

The Monash Centre for X-Ray Optics and Imaging

A/Prof Michael Morgan, School of Physics and Materials Engineering, Monash University

3:20

Afternoon Tea

3:40

Developments in Quantitative Phase Microscopy

Dr Brendan Allman, IATIA Pty Ltd

4:00

Optics in the High-Speed Photographic/Video Instrumentation, Vision Inspection and other industrial applications.

Harold Biram, Hadland Photonics Pty Ltd

4:20

Developments in a laboratory-based X-ray ultramicroscope

Dr Stephen Wilkins, XRT Pty Ltd/CSIRO

4:40

Photonics Industry in Victoria

Terry Polkinghorne, Redcentre

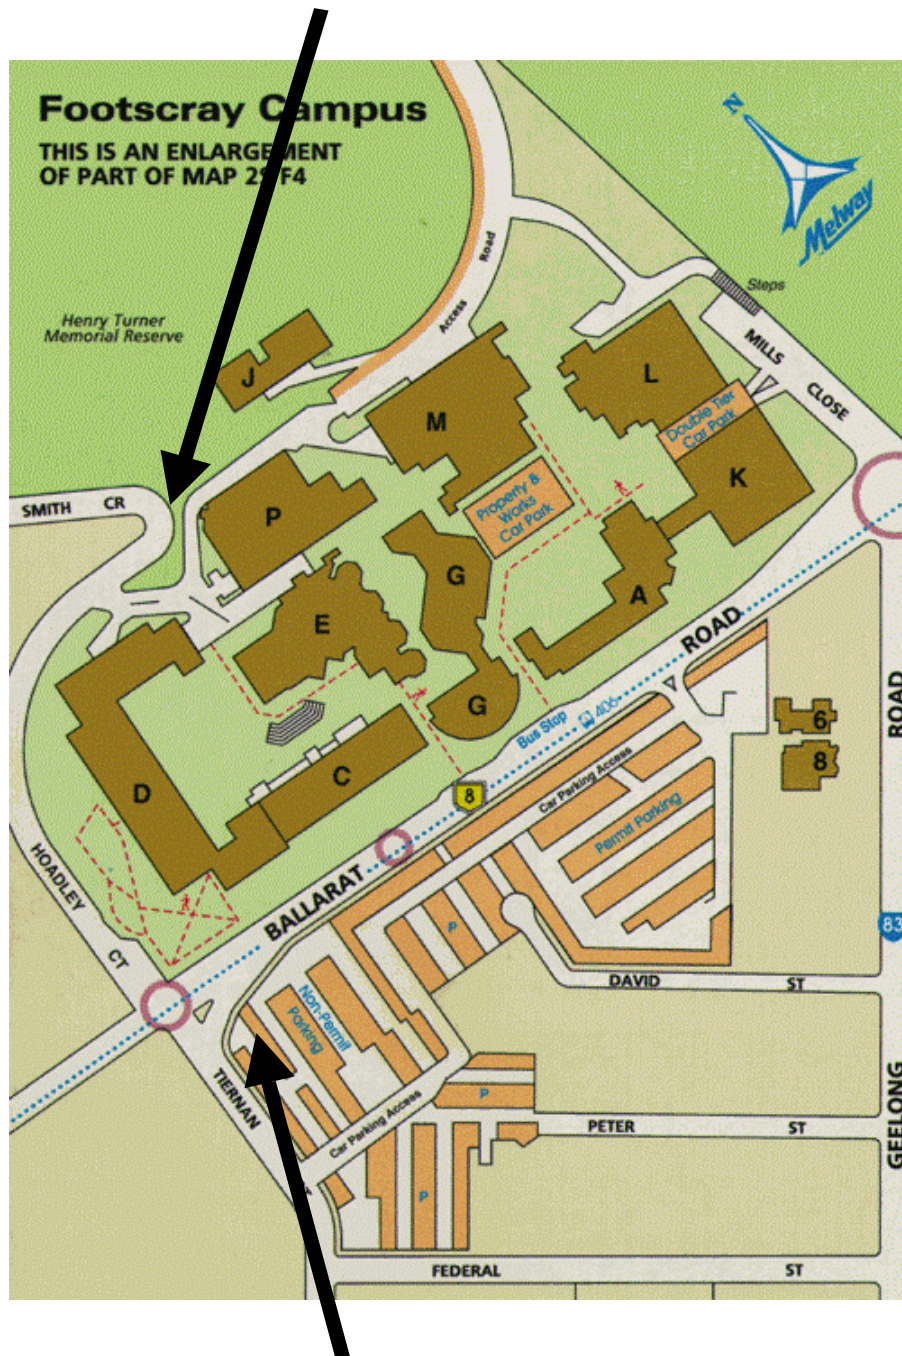

5:00

Close

Enquiries: Professor Keith Nugent. Phone: 8344 5420; email: k.nugent@physics.unimelb.edu.au
Corporate members making a presentation will be talking about their activities, not advertising their products. However, some have indicated an interest in hiring student members.
